MY SKILLS

- JAVASCRIPT
- REACT.JS
- NEXT.JS
- NODE.JS
- TAILWINDCSS
- STORYBOOK
- TESTING
- GIT
- HTML5
- CSS/SCSS
- MONGODB

LANGUAGES

- POLISH

NATIVE LANGUAGE

- ENGLISH

B2, used on daily basis at work in

Sonalake, in international team

HOBBIES

- GAMES (BOARD AND VIDEO)
- PAINTING FIGURINES
- 3D PRINTING

KACPER KRUCZEK

| FRONTEND DEVELOPER

PROFILE INFO

I'm a Frontend Developer with almost 3 years of software development experience.

Quick learner.

Strong creative and analytical skills.

Team player with an eye for details.

WORK EXPERIENCE

JUNIOR SOFTWARE ENGINEER

Sonalake

DEC 2020 - APR 2023

- Build various kinds of web applications using JavaScript Frameworks such as React(CRA/Vite/Gatsby/Next.js).
- Build reusable components and enhance them for better maintainability.
- Implemented react-application optimizations using useCallback, useMemo.
- Used Typescript.
- Conducted unit test and E2E test using Cypress and Jest.
- Worked closely with the UX/UI team and had an active role in designs.
- Created responsive designs using grid and flexbox.
- Experience using CI/CD pipelines(Jenkins, Github Actions)

INTERN

Sonalake

AUG 2020 - DEC 2020

- Gained extensive training.
- Developed web application for Ireland telecom company.
- Translated Figma designs to pixel-perfect UIs using react.
- Tested application with Unit and E2E tests.
- Used Typescript, Tailwindcss, Storybook for building UI Components and Git for code management.

PASSION PROJECTS

- HavenMap - written in Next.js. Fullstack application for real time sharing map data and users in-game position.
